

Ford Motor Company

Louisville Assembly Plant
2000 Fern Valley RD
Louisville KY 40213

May 20, 2011

TO: KTP EMPLOYEES

SUBJECT: Industrial Electrician Openings at LAP

The Ford Motor Company, Louisville Assembly Plant is seeking qualified individuals for potential Industrial Electrician job opportunities.

To be eligible for consideration, candidates must:

- have completed a bona fide electrical apprenticeship (generally three to four years), or
- have eight years of previous work experience as an Industrial Electrician, or
- have a combination of previous work experience and training equivalent to that required in a bona fide Industrial Electrician apprenticeship.

Qualified individuals will possess knowledge and work experience in the following areas, which represent some of the critical aspects of the Industrial Electrician job:

- reading and comprehending hardwire and ladder logic prints
- troubleshooting electrical systems and equipment
- troubleshooting robotic systems and equipment (e.g., Fanuc, ABB, Kawasaki)
- programmable logic controllers (e.g., Allen-Bradley, Square D)
- servo controls and devices

These Industrial Electrician jobs are hourly skilled trades jobs with a starting hourly pay rate of \$32.64. Industry-competitive benefits, including healthcare, also are provided. These jobs require working overtime and weekends and working different shifts, as necessary to support plant operations.

If you know family and/or friends that may be qualified and are interested in being considered for one of these potential job opportunities, please have them mail a resume or introductory letter detailing their credentials and work experience to:

Office of Employment and Training
600 W. Cedar Street
Louisville, KY 40202-2396
Attention: Monica Collins – Electrician Recruiting

All responses, inquiries and resumes will only be accepted at the Office of Employment and Training.

Ford Motor Company is an equal opportunity employer committed to a culturally diverse workforce.
